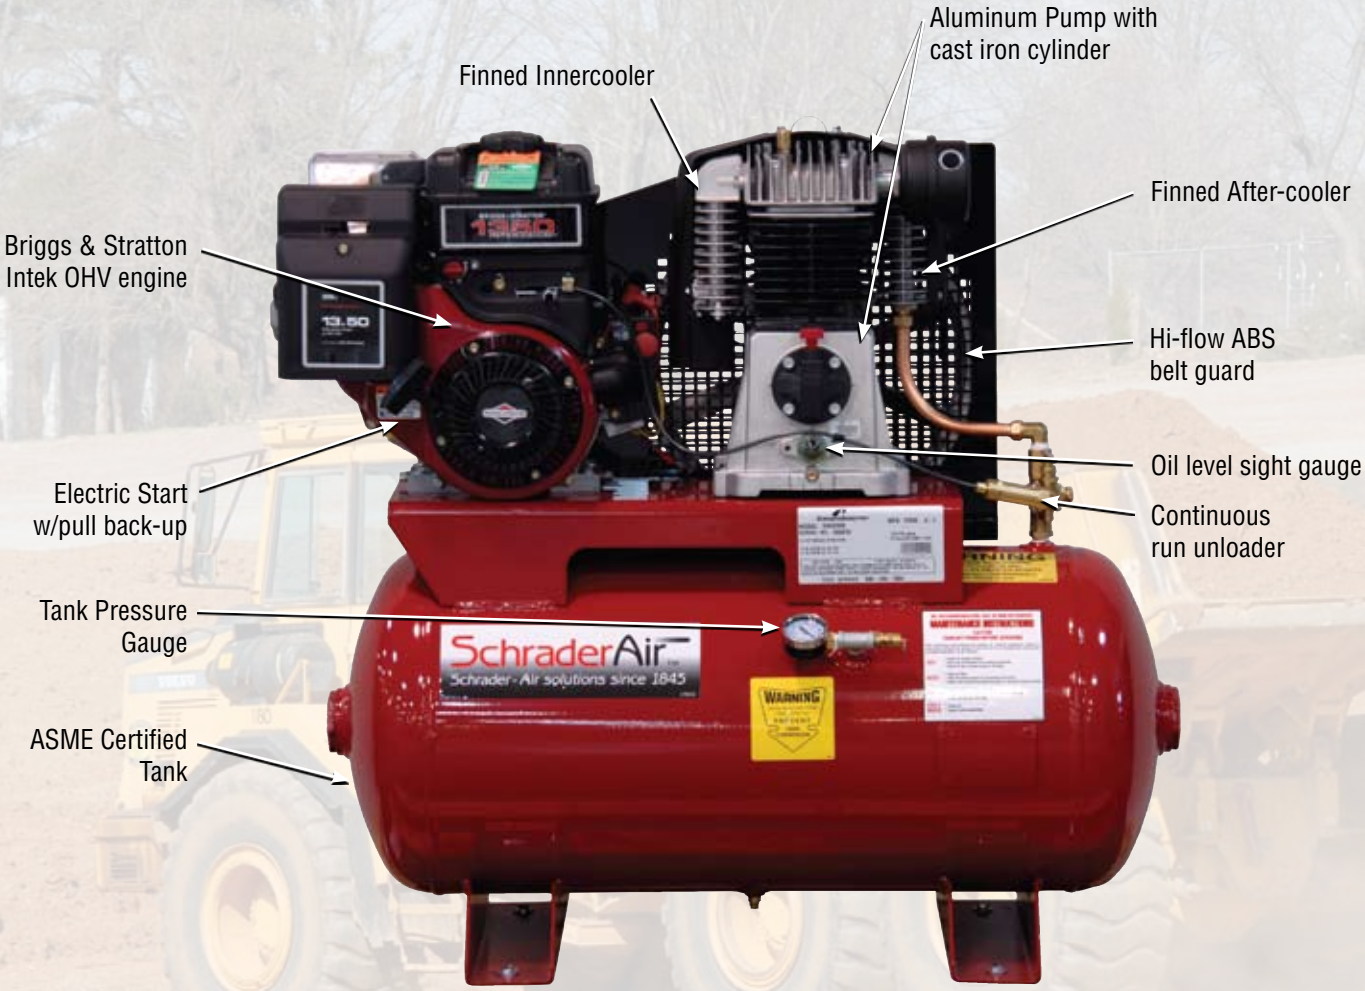
Briggs & Stratton Gas Powered Air Compressors for the Service Industry



SA6830B

13.5 to 32 SCFM@175 PSI, 2-stage air compressors are well suited for service truck field requirements, tire shops, construction and heavy equipment companies.

SchraderAir's Briggs & Stratton gas powered air compressors are designed for field work where an electrical power source is not available. These medium duty, 2 stage air compressors are equipped with a 30 gallon ASME code horizontal tank with a manual drain. Pressure preset at 145 PSI (load) and 175 PSI (unload).

- Features aluminum head and crankcase for fast heat dissipation.
- Cast iron cylinders for long life and durability.
- Finned intercooler and aftercooler provide low operating temperatures and high efficiency.
- Splash type lubrication.
- Briggs & Stratton Intek OHV or Vanguard OHV electric start engines are equipped with a fuel tank and gas-saving throttle control that meets CARB low emission requirements.
- 30 Gallon ASME tank with manual drain.
- One year limited warranty
